Sonoma County Continuum of Care Coordinated Entry Advisory Committee Executive Summary

Item: 3. Coordinated Entry Self-Assessment

Date: August 6, 2025

Staff Contact: Thai Hilton Thai.Hilton@sonoma-county.gov

Agenda Item Overview

HUD requires communities to perform a self-assessment of their Coordinated Entry System (CES) annually. The self-assessment covers all aspects of CES, including: planning, access, assessment, prioritization, referral, data management and evaluation. Each section of the self-assessment outlines required, recommended, and optional components and asks communities if they meet these components.

Lead agency staff has completed the self-assessment and will present the results to this committee. Due to the length of the self-assessment, staff will not go over each question but will present on which aspects of the self-assessment have and haven't been met. Staff will provide additional information about which components have not been met and why. A copy of the entire self-assessment can be found here: <https://share.sonoma-county.org/link/-APOP3-Clrc/>

In June, this committee heard the quarterly performance evaluation which presented data on CES outcomes. This self-assessment is the second part of a two-part assessment of the CE system in Sonoma County. In the August Homeless Coalition meeting, the lead agency and HomeFirst will present both the self-assessment and a presentation of performance data.
